

**INGROUND UPLIGHTER
RAY**

F27-104110

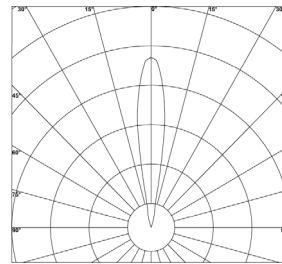

PRODUCT FEATURES

DESCRIPTION

Architectural grade linear in-ground uplighters featuring a stainless steel trim and aluminum body, designed with high-output COB LEDs and precision optics to deliver uniform vertical illumination. Engineered for facade washing and grazing applications, they provide consistent lighting for building facades, columns, and landscape structures. Available in narrow to wide beam angles to suit various architectural lighting requirements.
