

NEON FLEXIBLE LUMINAIRE

LAZOR

FS02-101035

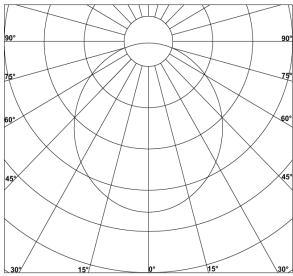

PRODUCT FEATURES

DESCRIPTION

Lazor is a flexible LED strip providing uniform, dot-free illumination. Encased in durable silicone, it offers high resistance to UV, dust, and moisture for indoor and outdoor applications. The continuous light output ensures smooth brightness, while its bendable design enables seamless integration into linear and curved installations. Available in multiple CCT and wattage options for versatile lighting applications.
